PREMIER WATER SUITE

Square Footage | 3,272

Why We Love It | Lighting was key to the full revamp—completed in December—of this magical over-water escape with two swimming pools and soothing, neutral interiors. Recessed ceiling lights, LED illumination beneath the bed and an ambient system on the wraparound sundeck set a panoply of moods to complement fairytale sunsets, starry skies and sparkling lagoon waters.

OTAHUNA LODGE

RHODES SUITE

Square Footage | 1,100

Why We Love It | The top offering at this recently revitalized 1895 Victorian manse speaks to New Zealand's colonial roots with gracious British country décor. Gaze at Canterbury's bucolic plains from your private terrace, reignite a romance by the blazing fireplace and retreat to the octagonal turret sitting room for a clandestine tête-à-tête. Nightly five-course, wine-paired meals—included in the rate—are foodie heaven.

MARINA BAY SANDS

CHAIRMAN SUITE

Square Footage | 6,770

Why We Love It | Decadence defined, Singapore's largest hotel suite (think four en-suite bedrooms, two lavish living rooms, gym, spa and entertainment emporium) attracts the likes of megastars Lady Gaga, Justin Bieber and Shahrukh Khan. Plush furnishings, grand marble baths and a baby grand piano satiate finer tastes, but a pool table and state-of-the-art karaoke system draw out your playful side.
